'Make DKS CM'

On Kempegowda Jayanti, Vokkaliga Swamiji urges Chief Minister Siddaramaiah to step aside for D.K. Shivakumar

Sri Kumara Chandrashekaranatha Swamiji (extreme left) of Vishwa Vokkaliga Mahasamsthana Mutt, who raised the demand for making Dy.CM D.K. Shivakumar (extreme right) as the Chief Minister, during Kempegowda Jayanti celebrations in Bengaluru this morning seen with (from left) Nanjavadhutha Mahaswamiji of Sira, Dr. Sri Nirmalanandanatha Swamiji of Adichunchanagiri Mutt and Chief Minister Siddaramaiah.

Bengaluru, June 27 (DM & BCT)- Hours after Channagiri Congress MLA Basavaraju Shivaganga demanded that the current Deputy CM, D.K. Shivakumar, be considered for the CM's post, Sri Kumara Chandrashekaranatha Swamiji of Vishwa Vokkaliga Mahasamsthana Mutt, known for his influence in the Vokkaliga community, echoed similar sentiment this morning. He appealed to CM Siddaramaiah to step aside and allow Shivakumar, a Vokkaliga, to assume the role of Chief Minister. The Swamiji's appeal gained significance as it coincided with Karnataka's celebration of Kempegowda Jayanti, marking the 515th birth anniversary of Bengaluru's founder, Kempegowda, revered as Nadaprabhu Kempegowda.

Violations by Builders

City apartment dwellers face double Property Tax

Senior citizens, retired persons bear the brunt after investing life's savings: MLA T.S. Srivatsa

T.S. Srivatsa

Mysuru, June 27 (RK&BCT)- In the bustling city of Mysuru, a growing number of apartment residents are grappling with the burden of paying double Property Tax, calling for urgent Government intervention.

Krishnaraja BJP MLA T.S. Srivatsa has brought this pressing issue to attention, pointing out that numerous apartment buildings, particularly in his Constituency, have been constructed in violation of permitted Floor Area Ratio (FAR). These violations have led to higher Property Tax, sparking outrage and concern.

"Most of the occupants of flats in apartments end up paying double the stipulated tax to the Mysuru City Corporation (MCC) as the builders violate the norms, attracting fines for the diversions from the approved plan," he told *Star of Mysore* this morning.

Srivatsa explained that the root of the problem lies with some builders, who either fail to follow the approved construction plans or add unauthorised extra floors. This non-compliance prevents buildings from receiving the crucial Completion Report (CR).

Without a CR, Property Tax under the Self-Assessment Scheme (SAS) gets doubled, creating a heavy financial strain on the residents.

Violation of city planning rules

"I have raised this issue in the Assembly as well. When approving a building plan, the Mysuru Urban Development Authority (MUDA) or the District Planning Authority specifies the floor plan and the FAR. However, builders frequently violate these regulations by constructing additional floors beyond what is permitted under the City Planning Rules and the Town and Country Planning Act," explained the MLA.

EDITOR'S BOTTOMLINE

MEDITATION COULD BE AN ANTIDOTE TO DRUGS: ***If a person is addicted to drugs, the problem is not the drugs; the problem is why he is addicted to drugs — because life gives no joy, life is so empty, so meaningless. Drugs make at least a few hours colourful and psychedelic; there is great joy. One forgets this whole madhouse, this world.***

You cannot tell them, "We will teach you meditation only if you drop all these things first." They cannot drop them. You have to be more compassionate to them... You teach them meditation.

Meditation will help them to drop drugs, not vice versa. Meditation can give them better experiences, far superior, and real. Drugs are only giving them hallucinations. And when somebody has to choose between a dream and a reality — and a reality which is far more golden and far more beautiful than the dream — I don't think anybody is going to choose the dream. But first let him have something else to choose, to fall upon.

He was empty; he was disgusted with his whole life. Drugs have supported him; they are killing him, they are destroying him, but they have at least shown him beautiful dreams. Life cannot give any beautiful dreams: the politicians, the priests, the pedagogues altogether have made life so ugly, so difficult to live, so worthless, that any intelligent person is bound to find something or other. And meditation is not for sale — there are no meditation dealers from whom you can get an injection. You will have to learn it, that is the difficulty. You will have to go through a certain discipline.

So tell them, "Whatever you are doing is absolutely accepted. You are doing it not without reason, so continue it. We will give you a better drug which is not chemical. We will give you meditation; try it." And you will be surprised, the people who have been on drugs can enter into meditation more easily than other people... *—Osho in The Times of India*

World's luckiest man grows 63-leaf clover

Tokyo: What is luckier than a four-leaf clover? Well, a five-leaf clover, of course. By that logic, the more leaves a clover has, the more luck it brings, so Yoshiharu Watanabe may just be the luckiest man alive because he is the first to ever grow a clover with 63 leaves. His amazing story began in 2009 when he started picking up clovers with more than three leaves and planting them in his home garden. The little plant is pretty resilient, so all he had to do was cross-pollinate to obtain exceptional specimens with up to 20 leaves. It was at this moment that he started dreaming about setting a new world record, but he never dreamed of doing so with a 63-leaf clover.

The old record that Yoshiharu Watanabe had been eyeing had been set in 2009 by another Japanese man, Shigeo Obara, in 2009, with a 56-leaf clover.

Boyfriend sued for not driving lady to airport

Auckland: A woman took her former boyfriend to Court for failing to take her to the airport as he had promised, which resulted in her losing her flight and incurring additional costs.

According to legal documents released by New Zealand's Disputes Tribunal, the woman had asked her boyfriend to drive her to the airport ahead of a concert she was to attend with some friends. The man had also agreed, but he ultimately failed to do all the things he had verbally agreed to, which caused her to miss her plane, and incur unplanned financial costs, such as taking a shuttle to the airport and paying a dog kennel to keep her pets. She filed a complaint with the Tribunal hoping to be reimbursed by her now-former partner.

But the Disputes Tribunal dismissed the woman's claims, ruling that her then-boyfriend (HG) was under no legal obligation to keep his promises.

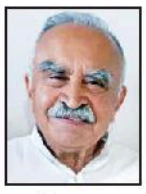
Ponnu uncle, a humane soul

Sir,

In continuation of K.B. Ganapathy and Vikram Muthanna's write-ups in *Star of Mysore* on Ponnu (Ponoo) uncle of Pelican Pub, here's my contribution to describe this familiar cheerful human figure, we lost a couple of days ago.



Ponnu

Ponnu uncle was a silent philanthropist, a person who never forgot his elderly kith and kin's birthday or anniversary. He would visit them personally along with his sisters, carrying a bunch of red roses.

Ponnu uncle was a lover of art and culture. He would sponsor English musical plays, dramas, art shows and book fests. We have booked and purchased many of our show tickets from Pelican Pub. Apart from all this, he along with his sister Kitty have silently sponsored many government school activities and cared for the needy during the recent Corona outbreak.

A fitting homage to a gentle soul

Sir,

Thank you very much Vikram Muthanna for your write-up titled ***"Cheers & Goodbye"*** on late Ponoo Muthanna — 'Ponoo Uncle to us Choniras' — in *Star of Mysore* dated June 22.

You have aptly lighted up his virtuoso soft spoken and subtle humour! In plain language, he was witty! And ladies, he made each one, old or young, enjoy his raconteurs and not at all in an offending way.

Also K.B. Ganapathy's much admired column *'Abracadabra'* titled ***"Ritz Ponnu's Last Supper"*** in *SOM* dated June 23 was an apt tribute. Ponoo's appealing nature to everyone, more so to the fairer sex, has been written aesthetically. A fitting homage to a gentle soul!

Alleged honey trapping of influential people

Bengaluru CCB Cops nab two

Santosh

Puttaraju

Mysuru, June 27 (KS)- Bengaluru Central Crime Branch (CCB) Police have arrested two persons on charges of blackmailing influential people by honey trapping them using morphed videos and the Cops have seized one mobile phone and a pen drive from them.

According to the press release from Bengaluru CCB Police, those arrested are Santosh alias Suresh Rajan and Puttaraju. The Police have launched a hunt to nab Naveen and others.

One of the arrested was earlier running a flesh trade racket and used to videograph the sexual acts.

Later, they used to target influential people, morph the sexual act videos, blackmail the people by telling them that they had videos of them involved in sexual acts, threaten the people by saying that they would upload the videos on social media platforms and tried to extort money from the people, which the Police came to know during interrogation.

It is learnt that the accused had blackmailed businessmen, doctors, engineers and professors residing in Chamaraja Constituency and had also allegedly threatened the Constituency MLA K. Harishgowda. Based on the complaint lodged by the MLA on June 10, the Police have arrested the two persons.

Details: In 2019, accused Santosh had introduced himself to the MLA as a realtor and a contractor while Naveen had introduced himself as an advocate. The duo, along with a few women, began attending events in which the MLA used to participate and used to click photos and make videos of influential people with the women they had taken along with them.

The accused, with the help of the women used to collect the phone numbers, call them and ask them about their next event, go to the event along with the women and click photos and make videos there also.

They later used to send the photos and videos of influential people with women to them and blackmail them for money. If the person refuses to pay the money, the accused used to threaten them of sending the photos and videos to their family members and relatives besides threatening to upload photos and videos on various social media platforms and extort money, according to the complaint lodged by MLA Harishgowda.

The complaint further stated that the MLA, who came to know about Santosh and Naveen indulging in blackmailing, objected to it and warned them that he would lodge a Police compliant against them during which the accused showed a couple of photos related to him (MLA) and demanded money from him also failing which they threatened of sending the photos and videos to his friends and family members.

The accused had also threatened of harming his dignity if he approached the Police besides threatening him of lodging a rape case through the women.

Based on the above complaint, the Police have arrested the two persons and are on the lookout for others.

Many blackmailed in Mysuru's Chamaraja Constituency; MLA lodges complaint

I have not been honey trapped. People known to me who are leading a decent life were being honey trapped and blackmailed. I lodged a Police complaint to stop such activities in my Constituency. Eight to 10 people residing in my Constituency were honey trapped. They are known to me. Some of them are doctors, businessmen, engineers and professors who have been blackmailed. Though the accused are from Mysuru, I have not seen them nor do I know them. The Police have arrested the two persons based on the mobile phone numbers and are investigating. Apart from Mysuru, the accused were also active in Bengaluru, hence I lodged a complaint in Bengaluru.

Special Court denies bail to Prajwal Revanna

Prajwal

Bengaluru, June 27- The Special Court For People's Representatives yesterday rejected the bail plea of former Hassan MP Prajwal Revanna.

Prajwal Revanna had sought bail in one of the sexual assault cases filed by Holenarasipur Police in which former Minister H.D. Revanna is also an accused. The Special Court Judge Santosh Gajanana Bhat, after hearing the case, rejected the bail plea leaving no other option for the accused except to move the High Court.

The Special Investigation Team (SIT), which took the custody of Prajwal Revanna, who was in judicial custody, to investigate into the third sexual assault case, brought him to Holenarasipur and conducted mahazar at his father's residence.

It may be recalled that a sexual assault case was booked against Prajwal Revanna on Apr. 28 soon after the polling was held for Hassan LS seat following which rape charges were also filed against him. Prajwal, who had departed for Germany, returned to Bengaluru after a month and was arrested by SIT officials at the Kempegowda International Airport (KIA). The Interpol had also issued a 'Blue Corner Notice' against the former MP at the request of SIT through Central Bureau of Investigation.

Intl. Day Against Drug Abuse and Illicit Trafficking

Once addicted to drugs, returning to normal life is difficult: City Top Cop

Mysuru, June 27 (MK,MTY& BS)- City Police Commissioner B. Ramesh has said that addiction to drugs has multiple effects, disturbing financial, physical and mental well-being of drug addicts.

He was speaking after flagging off a rally organised by the City Police to create awareness on International Day Against Drug Abuse and Illicit Trafficking, in the premises of Kote Anjaneyaswamy Temple, Mysore Palace North Gate, in city on Wednesday.

City Top Cop said: "Once addicted to drugs, it is difficult to return to normal life, as drugs, irrespective of type, is harmful. If they reach ecstasy in consuming drugs, they tend to forget blood relations like parents and siblings, irrespective of gender. They resort to theft, murder and sexual assault at home. If its girls, they will be spoiling their own life."

Citing an example, Ramesh said that of late, the substance abuse has gone unspiralled, with ganja and contraceptives found in the bag of a grade nine student. If the school students come under the throes of drugs, it would be a hindrance in building a healthy society. Children are considered as the country's future, prompting to take precautions from keeping the kids away from the influence of drugs, he added.

The drug-free society can be possible when measures are taken to prevent the access to drugs near schools and colleges. The drug peddlers are adept at selling drug laced chocolates, pencil and other materials at hostels, pubs and other joints frequented by youths. Hence awareness activities have been planned at schools and colleges, said Ramesh, appealing for public co-operation in the fight against drugs.

DCP (Crime and Traffic) S. Jahnavi, DCP (CAR) Maruti, ACPs H.S. Gajendra Prasad, Parashuramappa, Shanthamallappa, Ashwathnarayan and N. Sneha Raj, Inspectors and Sub-Inspectors of various Police Stations were present.

At Railway Station

Karnataka Railway Police (Government Railway Police - GRP) personnel took out a rally along with porters, creating awareness against drug abuse, in city yesterday. The rally was taken out from Rail Museum on KRS Road and culminated at the City Railway Station after passing through JLB Road.

The pamphlets containing awareness messages were distributed among the train passengers, besides telling them to alert local Police, if they came across any drug peddlers.

Railway Police Inspector K.M. Manju, Sub-Inspector C.G. Mahesh and others were present.

Monsoon revives in Kodagu with incessant rains

Kushalnagar, June 27 (AG& BCT)- Over the past 48 hours, incessant rain has severely disrupted normal life in Kodagu district, with the entire region experiencing moderate to heavy rainfall.

The continuous downpour has caused minor but widespread damage, including fallen trees that have disrupted power and telephone lines.

In Madikeri, the heavy rainfall triggered a landslide late last night, resulting in significant damage to three homes in Thyagaraja Colony. The incident led to partial destruction of houses, forcing residents to evacuate.

Schools and colleges in the district have been declared closed on June 27 (today) for the day to ensure safety.

The Cauvery River at Bethri on Virajpet Road is close to overflowing, with only three to four feet of space left between the bridge and the river. Identify dedicated place to feed pigeons

Tourism Minister writes to DC

Patil Rajendra Raghu

Mysuru, June 27 (BS)- Tourism Minister H.K. Patil has instructed Deputy Commissioner Dr. K.V. Rajendra, also the Chairman of District Tourism Development Committee, to identify a suitable place to feed pigeons, to prevent any damages to the surroundings of the magnificent Mysore Palace.

In a letter dated June 26, 2024, issued from the Office of Minister Patil, who also holds Law and Parliamentary Affairs portfolio, it is stated that "Several complaints have been received about spreading of grains to feed pigeons in front of Kote Anjaneyaswamy temple in the premises of world-renowned Mysore Palace, that holds heritage significance. With this, the beauty of the statue of Chamaraja Wadiyar and the Palace is suffering a dent, besides affecting public health and severely inconveniencing the tourists."

In this backdrop, to maintain cleanliness at the premises of Mysore Palace and assure the well-being of tourists, a dedicated place to feed pigeons should be identified and suitable action should be taken in this regard, the letter stated.

R. Raghu's demand for ban on feeding pigeons

It may be mentioned that, State BJP OBC Morcha President R. Raghu Kautilya had raised the issue of feeding pigeons that is marring the visual beauty of Palace and its surroundings and demanding the ban on this practice, in a letter to Mysuru Deputy Commissioner in May this year.

In another letter addressed to DC on June 25, 2024, Raghu has warned of launching a campaign to demand the ban on feeding pigeons within 2-km radius of Palace, with neither the District Administration nor Department of Archaeology, Museums and Heritage and City Police, taking any action to check the practice of feeding pigeons.

Raghu has also said that apart from Palace and its surroundings, the statues of Architect of Constitution Dr. B.R. Ambekdar and thespian actor Dr. Rajkumar also face threat to its visual beauty from these pigeons. In case of any further delay, it would become inevitable to launch a movement in association with concerned citizens, pro-Kannada activists and dalit organisations.

The copies of this latest letter are also marked to Commissioners of MCC, Department of Archaeology, Museums and Heritage and City Police Commissioner.

'Make DKS CM'

(Continued from page 1)

Chandrashekarnatha Swamiji was speaking as the chief guest at the event where CM Siddaramaiah and his Deputy Shivakumar shared the stage.

The Swamiji argued that Siddaramaiah has held the CM position for an extended period and suggested that it is now appropriate for Shivakumar, a prominent leader of Vokkaliga community, to assume the role.

Responding to Swamiji's remarks, CM Siddaramaiah stated, "Ours is a High-Command-oriented party, and the Congress High Command will take an appropriate decision."

Siddaramaiah treaded cautiously, particularly in the light of the demands for Shivakumar to assume the CM role that emerged soon after the 2023 Assembly polls, where Congress secured a clear majority.

Shivakumar also serves as the President of the Karnataka Pradesh Congress Committee.

Channagiri Congress MLA Basavaraju Shivaganga said yesterday, "Siddaramaiah served as CM for five years previously and has been in office for the past 1.5 years. All MLAs have cooperated. It's time to let Shivakumar become the CM."

This statement has compounded the Congress' challenges amid existing demands for appointing more Deputy Chief Ministers. "Congress secured nine Lok Sabha seats, up from just one five years ago, largely due to Shivakumar's organisational skills. To capitalise on this going forward, Shivakumar should assume the CM role," Shivaganga argued.

He further underscored that according to the convention, Shivakumar should have ascended to the CM's position after the Congress won the Assembly polls last year. "Traditionally, the Karnataka Congress President assumes the CM's Office," he added.

NEET-UG row: Government fully committed to probe, punish guilty

- President Droupadi Murmu addresses Joint Session of Parliament.
- Highlights actions and reforms undertaken by PM Modi-led Government in its third term.

President of India Droupadi Murmu addressing a Joint Session of both Houses of Parliament this morning. Vice-President of India & Rajya Sabha Ex-officio Chairman Jagdeep Dhankhar and Lok Sabha Speaker Om Birla are also seen.

New Delhi, June 27 (UNI& Agencies)- President Droupadi Murmu has said, 'the resolve of reform, perform and transform' has galloped India towards being the world's fastest growing economy.

Addressing the first Joint Session of Parliament after the formation of the third Prime Minister Narendra Modi-led National Democratic Alliance (NDA) Government, President Murmu today said, "In 10 years, India rose from the 11th position to become the 5th largest economy and despite a pandemic and conflicts in different parts of the world, India has been able to achieve this growth rate. The resolve to reform, perform and transform has made India the world's fastest-growing economy," she said.

"This became possible due to the reforms and decisions taken in national interest in the last 10 years," President Murmu added.

Speaking about the reforms undertaken by Modi Government in the last 10 years, the President said, "Today, India contributes to 15 percent of the global growth and the Government is working towards making India the 3rd largest economy in the world."

Amid the National Eligibility-Cum-Entrance Test-Under Graduate (NEET-UG) controversy, President Murmu assured that the Government was fully committed to investigating the recent incidents of paper leaks and ensure that the guilty are punished.

Hailing the role of Election Commission of India for the successful conduct of the 'Free and fair' Lok Sabha elections, the President said, "This was the biggest election in the world. Decade-long records of voting have been broken in J&K."

"For the past 4 decades, Kashmir witnessed low voting amid shutdowns and strikes. India's enemies propagated it as the opinion of Kashmir, on international forums. But this time, Kashmir valley gave a befitting reply to all such forces," President Murmu said.

"People are aware that only this Government can fulfil their aspirations. The 18th Lok Sabha is historic in many ways," she said.

On the upcoming Union Budget, the President said, it would be an effective document of the Government's far-reaching policies and futuristic vision. Along with big economic and social decisions, many historic steps will also be seen in this budget.

Touching upon the issues in the Northeast, the President said for the development of the North East, the Government has increased the (budget) allocation by over 4 times in the last 10 years.

"My Government is working continuously to bring peace in the Northeast. In the last 10 years, several old issues have been resolved, several agreements have been made and phase-wise repealing of Armed Forces (Special Powers) Act (AFSPA) is underway in areas with unrest after making rapid progress there" she said.

Highlighting the other development projects, the President said, the Government is giving equal importance to all the three pillars of economy — manufacturing, services and agriculture.

The President added that, Production Linked Incentive (PLI) schemes and Ease of Doing Business are increasing investment and employment opportunities on a large scale.

Talking about farmers, President Murmu said that, more than Rs. 3.2 lakh crore has been given to farmers under PM Kisan Samman Nidhi.

The President said, the Government has also made a record increase in Minimum Support Price (MSP) for Kharif crops.

"Today's India is changing its agriculture system keeping in mind its current needs. Nowadays, the demand for organic products is increasing rapidly in the world. Indian farmers have the full capacity to meet this demand," President Murmu further added.

Turning to the Defence sector, the President said, following the reforms, India has upped its defence manufacturing to more than Rs. 1 lakh crore.

"In the last decade, our defence exports have increased by 18 times and touched Rs. 21,000 crore," President said.

The President also congratulated the new Members of Parliament and the Lok Sabha Speaker Om Birla.

President Murmu said, "A stable Government with a complete majority has been formed in the country after six decades. People have shown trust in this Government for the third time."

City apartment dwellers face double Property Tax

(Continued from page 1)

"Situations arise where, for instance, if the FAR allows for seven floors, the builder constructs 10 floors. As a result, these buildings do not receive CRs, and upon taking possession, buyers find themselves subjected to double Property Tax. If a 10-floor apartment complex is erected in breach of a seven-floor limit, all residents of the building are burdened with double Property Tax," MLA Srivatsa elaborated.

"This issue disproportionately affects all buyers, particularly senior citizens and retired individuals who have invested their life savings. In many cases, builders evade responsibility. Officials from MUDA and the District Planning Authority must conduct regular inspections during the construction phase to prevent such violations. Unfortunately, the lack of rigorous monitoring allows these infractions to persist, leaving unwitting buyers to bear the brunt of double Property Tax annually," Srivatsa noted.

"We have been advising buyers to check if builders have obtained the CR, but due to their lack of awareness, they end up paying double taxes. While minor violations can be corrected, significant deviations from the approved plan cannot be undone. The Government must take decisive action," urged Srivatsa.

RERA toothless, short-staffed

Compounding the problem is the severe shortage of staff at the Real Estate Regulatory Authority (RERA), which greatly hampers its ability to check violations. There are over 1,400 cases against builders and developers in Mysuru pending before RERA for non-completion of projects on time, but only 900 of these cases have been resolved. RERA also faces a significant staff shortage, limiting its effectiveness.

"Additionally, RERA lacks the authority to facilitate refunds from builders to investors, leaving buyers with unresolved issues. I hope that decisive action will bring much-needed relief to the beleaguered apartment dwellers," Srivatsa said.

Problems in layouts too

According to the MLA, the problem is not restricted to flats and apartments but even in layouts, such problem exists. "There is a mad scramble to buy sites and misusing this rush, builders sell layouts without even providing basic facilities like water, electricity and drainage system. There have been many complaints against private builders who have left site buyers in the lurch," he added.

President of the Mysuru Chapter of Confederation of the Real Estate Developers' Associations of India (CREDAI) D. Srihari echoed Srivatsa's concerns. Speaking to *Star of Mysore*, he said that CREDAI has been demanding that the authorities carry out periodical verifications during apartment construction to prevent deviations and violations from the outset, but this isn't happening.

Some inexperienced builders exploit this, constructing buildings and selling them, leaving buyers in a precarious position. Even those who have booked the apartments must check if the building has CR before they occupy their new homes, he added.

Buyers must check beforehand

The repercussions for buyers are severe as they are forced to pay double Property Tax due to these unchecked violations. Srihari highlighted that buyers often focus on inspecting the interior conditions of apartments but neglect to verify if the building measurements are accurate or if the CR has been obtained.

The issue underscores the need for stricter enforcement of building codes and more rigorous inspections during the construction phase. CREDAI members, according to Srihari, adhere strictly to building bylaws and FAR guidelines to avoid inconveniencing buyers. He emphasised that regular inspections could prevent these violations and protect buyers from unforeseen tax burdens.

'Commencement Certificate system must be enforced'

In Gujarat, there exists a mandatory Commencement Certificate system where builders must obtain clearance after completing the basement of any building. An officer visits the construction site to ensure compliance with regulations, and the Commencement Certificate is issued only when no violations are found. Even after issuance, regular inspections continue to prevent violations. Implementing a similar rule in Mysuru would greatly solve these issues. Mysuru City Corporation (MCC) does not issue Completion Reports (CR) for apartments that violate Floor Area Ratio (FAR) rules by more than 5 percent. Residents of such apartments are required to pay double Property Tax.

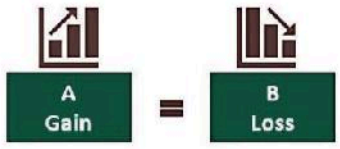
WORD OF THE DAY

Zero-Sum



Pronunciation: ZEER-oh-SUM (Adjective)
Meaning: Zero-sum describes something, such as a game, mentality, or situation, in which any gain corresponds directly with an equivalent loss.
Origin: Does game theory sound like fun? It can be—if you are a mathematician or economist who needs to analyse a competitive situation in which the outcome is determined by the choices of the players and chance. Game theory was introduced by mathematician John von Neumann and economist Oskar Morgenstern in their 1944 book The Theory of Games and Economic Behaviour. In game theory, a zero-sum game is one, such as chess or checkers, where each player has a clear purpose that is completely opposed to that of the opponent. In economics, a situation is zero-sum if the gains of one party are exactly balanced by the losses of another and no net gain or loss is created; however, such situations in real life are rare.
Example: "Domestic migration is zero-sum, meaning a loss of college graduates prized by local officials and tax collectors in Washington or San Francisco can be a gain for Kansas City or Orlando." — Josh Katz, The New York Times, 15 May 2023

THE ODD WORD

Sonder

The realisation that everyone is living their own vivid life.

PHRASE OF THE DAY

Behind Closed Doors

Meaning: Behind Closed Doors means: In secret; Away from observers.
Origin: No one can say for certain who first used the term "Behind Closed Doors." What is known is that it is closely related to the meaning of the word "secret", which comes from late 14th century Latin secretus, a term which means set apart, hidden, or withdrawn. While the exact origin of "Behind Closed Doors" isn't known, it is most likely an ancient saying.
Example: "Because of all the sensitive information, they held the meeting behind closed doors."
